## **Notice**

The manufacturer strongly recommends that separate permanent written records be kept of all important data. Data may be lost or altered in virtually any electronic memory product under certain circumstances. Therefore, the manufacturer assumes no responsibility for data lost or otherwise rendered unusable whether as a result of improper use, repairs, defects, battery replacement, use after the specified battery life has expired, or any other cause.

The manufacturer assumes no responsibility, directly or indirectly, for financial losses or claims from third parties resulting from the use of this product and any of its functions, such as stolen credit card numbers, the loss or alteration of stored data, etc.

The information provided in this manual is subject to change without notice.

## Cautions

- Do not carry the device in the back pocket of your slacks or trousers.
- Do not drop the device or apply excessive force to it.
- Do not subject the device to extreme temperatures.
- Clean only with a soft, dry cloth.
- Since this product is not waterproof, do not use it or store it where fluids can splash onto it. Raindrops, water spray, juice, coffee, steam, perspiration, etc. will also cause the device to malfunction.

## Getting Started

The first time you use this device, you should perform a system reset. Pressing the reset button with more than light pressure may permanently disable your device. **Warning!** A system reset erases any user-entered information and clears all settings.

1. Turn the device over and carefully remove the battery insulation tab.
2. Press  to turn the device off.
3. Use a paper clip to gently press the reset button on the back of the device.

The Reset button is accessed via the hole to the left of the battery door on the back of the unit.

4. Press  to reset the device.

5. Enter the time and press **A** or **P** for a.m. or p.m., if necessary. For example, type **0900A**.
6. Press **SAVE** to save your settings.

## Using the Contacts Directory

Each Contacts record has seven fields: *NAME?*, *ADDRESS?*, *E-MAIL?*, *HOME#?*, *WORK#?*, *CELL#?*, *FAX#?*. You can enter a maximum of 36 characters in all fields except *ADDRESS?* and *E-MAIL?*. A maximum of 48 characters can be entered in these two fields.

► to the left of the screen indicates the active line. Arrows to the right of the screen indicate which arrow keys you can press to move around the screen.

The alphabet tabs at the top of the screen function like tabs in a telephone directory and indicate the letter currently being searched, if any.

### Entering a Contact

1. Press  .

You are first prompted to enter a name or turn the dial, and then *NAME?* appears on the screen. This is the default screen each time you turn the unit on.

2. Press **NEW**.

► appears to the left of the screen and a flashing cursor appears on the first line. Each letter you enter is inserted in the spot marked by the flashing cursor.

3. Enter the full name of the contact you want to add.

**Note:** You must enter a name if you wish to save the entry.

You can also enter a name first and then press **NEW**.

**Note:** The first character in the *NAME?* field cannot be a symbol. It must be a letter or a number.

Press **SHFT** and use **Q-P** to enter numbers.

Use <> to move the flashing cursor left or right.

4. Turn the dial down to move to each consecutive field and enter data in the fields you want.

The contact's name remains on the top line.

The second line displays the label of the current field. ► appears to the left of the third line.

A flashing cursor indicates where you can begin entering data.

When data exceeds the length of the screen, characters scroll off the screen to the left.

Press > to view those characters.

You need not enter data in every field.

5. Press **SAVE** at any time to save the record.

The remaining memory flashes briefly on the screen.

*NAME?* appears on the screen.

## Viewing Contacts

There are two ways to search for a contact's information. The first way is by entering letters at the *NAME?* screen and searching for a matching record. The second way is by using the letter tabs at the top of the screen. Read the following to learn how to use these two methods.

### Using Letters or Numbers to View Contacts

1. Press  .
2. Type one or more characters of the name you want.
3. Push in the dial to start the search.

The Name and Home phone number of the closest matching record are displayed.

If no matching record is found, then the message "NO FILE NAME STARTS WITH THIS LETTER" flashes and you return to the *NAME?* screen.

Turn the dial up or down to scroll up and down through the other records of the tab of your match.

4. Push in the dial to view the fields of the record you want.  
► appears next to the name field to show the record is selected.
5. Turn the dial up or down to move up and down through the fields of the record.  
Only fields with data in them are displayed.  
If any field contains more than 12 characters, use <> to scroll left or right to read the rest of the data. Press and hold <> to scroll to the left or right.
6. Press  to exit that record.  
*NAME?* appears on the screen.

## Using the Letter or # Tabs to View Contacts

1. Press .
2. Turn the dial up or down to scroll through the letter tabs until you reach the one you want.
3. Push in the dial.

The first record starting with that letter is displayed.

If no entry exists for the selected letter, the message "NO FILE STARTS WITH THIS LETTER" flashes on the screen and you return to the *NAME?* screen.

If you entered numbers in the **NAME?** field instead of letters, select #.

4. Turn the dial up or down to scroll through the records for that letter.

Follow Steps 4-6 above to view the fields of the record you want.

## **Editing a Contact Record**

1. Find the record you want to edit using one of the methods above.

2. Press **EDIT**.

The first character of the name field blinks.

3. Turn the dial down to find the field you want.

As the unit is now in Edit mode, all fields are displayed.

The labels on the second line of the display indicate the field currently being displayed.

4. Enter your edits.

Use < > to move the blinking cursor left or right.

Press **SHFT** and then press **NEW (INS)** to insert one character before the blinking character.

5. Press **SAVE** at any time to save your changes.

**NAME?** appears on the screen.

## **Deleting a Contact Record**

Find the record you want to delete.

1. Press **SHFT** and then press **EDIT (DEL)**.

*DELETE? Y/N* appears on the screen.

2. Press **Y** to delete the record.

Press **N** to cancel the deletion.

*NAME?* appears on the screen.

## **Using the Memo Directory**

Each Memo record consists of four fields:

*MEMO?, MM/DD/YYYY?, HH:MM A/P* and

*ALERT? Y/N*. You can enter a maximum of 48 characters in the first field. You can set an alert for each memo. When the clock reaches the time and date you set, the alert will sound.

Memos with alerts are stored in chronological order from the oldest to the newest. Undated memos are ranked above dated memos. New memos are stored in numeric and then alphabetical order.

## **Entering a Memo**

1. Press .

*MEMO?* appears on the screen.

2. Press **NEW**.

► appears to the left of the screen and a flashing cursor appears on the first line. Each letter or number you enter is inserted in the spot marked by the flashing cursor.

3. Enter your memo.

You can also enter a memo first and then press **NEW**.

Press **SHFT** and use **Q-P** to enter numbers.

Use <> to move the flashing cursor left or right.

Once the data exceeds a 12-character limit, letters scroll off the screen to the left.

4. Turn the dial down once to set the date and twice to set the time.

You need not enter data in every field.

5. Turn the dial down once more to go to the *ALERT?* field.

6. Press **Y** to set the alert date and time.

If you press **N** in the *ALERT?* field, the record is saved automatically and *MEMO?* appears on the screen.

7. Turn the dial down once to set the alert date and twice to set the time.

8. Turn the dial once more to make the alert an annual one.

9. Press **Y** to set the annual alert.

This saves your memo as an annual reminder so you do not have to re-enter the memo each year.

Press **N** if you do not wish to set an annual alert.

The record is saved and *MEMO?* appears on the screen.

## **Viewing Memos**

Turn the dial to scroll through the list of memos. To find a particular memo, follow the steps below.

1. Press  .
2. Type one or more characters of the memo you want.
3. Push in the dial to start the search.

The text of the closest matching record is displayed.

If no matching record is found, then the message "NO MEMO FILE STARTS WITH THIS LETTER" flashes and you return to the *MEMO?* screen.

Turn the dial up or down to scroll up and down through the other records.

4. Push in the dial to view the fields of the record

you want.

► appears next to the memo field to show the record is selected.

5. Turn the dial up or down to move through the fields of the record.

Only fields with data in them are displayed.

If any field contains more than 12 characters, use < > to scroll left or right to read the rest of the data. Press and hold < > to scroll to the left or right.

6. Press  to exit that record.

MEMO? appears on the screen.

## Editing a Memo

Find the memo you want using the steps above.

1. Press **EDIT**.

The first character in the memo field blinks.

2. Turn the dial down until you find the field you want to edit.

As the unit is now in Edit mode, all fields are displayed.

3. Enter your edits.

Use < > to move the blinking cursor left or right.

4. Press **SHFT** and then press **NEW (INS)** to insert

one character before the blinking character.

5. Press **SAVE** at any time to save your changes.  
*MEMO?* appears on the screen.

## **Deleting a Memo**

1. Find the memo you want to delete.
2. Press **SHFT** and then press **EDIT (DEL)**.  
*DELETE? Y/N* appears on the screen.
3. Press **Y** to delete the record.  
Press **N** to cancel the deletion.  
*MEMO?* appears on the screen.

## **✓ Memo Alerts**

The memo reminder alarm sounds for 30 seconds.  
Press any key to shut off the alarm.

If the unit is on, the alarm sounds and the memo you are being reminded of is displayed. The memo remains on the screen even after the alarm shuts off. If the unit is off, it is turned on automatically and the alarm sounds. If no other key is pressed for 60 seconds the unit shuts off. The next time the unit is turned on, the message **CHECK MEMOS**

appears. Press  and then turn the dial down to locate the memo you missed.

## Using the Calculator

1. Press **CALC**.
2. Type a number.

You can type up to 10 digits. To type a decimal, press **J(.)**.

All numbers and math functions are automatically active in the calculator. That means you do not have to press **SHFT** to enter a number or function.

3. Press **D(+)**, **F(—)**, **G(x)**, **H(÷)** to add, subtract, multiply, or divide, respectively.
4. Type another number.
5. Press **L(=)** to do the calculation.  
Or press **K(%)** to calculate the percentage.
6. Press **CALC** or **EDIT** to clear the calculator.

# Installing the Rolodex Electronics

## Desktop Manager

The *Rolodex® Electronics Desktop Manager* is the PC software program that transfers data between your Rolodex® device, the Rolodex® E-Z File Pro, and a personal computer (PC). You can synchronize MS Outlook® 97/98/2000/2002 and Intellisync Mobile Desktop files. The Desktop Manager has the following system requirements:

- IBM® compatible Pentium® class PC or higher
- Windows 98, Me, 2000 or XP (English, version)
- 64 MB RAM
- 256 Color VGA Monitor
- 30 MB hard disk space
- CD-ROM drive (for installation)
- One free serial communications (COM) port
- Mouse or other pointing device

To install the Desktop Manager on your PC:

1. Insert the Rolodex® Electronics Desktop Manager CD into the CD-ROM drive on your PC.

The Setup screen appears.

If this screen DOES NOT launch automatically, follow these steps.

- Go to **Start | Run**.
- Type **d:/setup** and press **ENTER**.

2. Check the Install Rolodex Electronics Desktop Manager box.

Select your model number, if needed.

To install *Intellisync Mobile Desktop*, check the corresponding box.

3. Select a language, if necessary.

Follow the instructions on the screen to install the program.

4. Click the **Finish** button when done.

## Synchronizing Records

Before you can synchronize records you must:

1. Install the *Rolodex® Electronics Desktop Manager* onto your PC.
2. Connect the Rolodex® device to the PC using the serial cable provided.
  - Turn your PC off.
  - Connect the 9-pin plug of the cable into a free communications (COM) port.
  - Connect the single-pin plug of the cable into the PC PORT hole on your Rolodex device.
3. Start the Desktop Manager.
- 4 From the PC, click **Start | Programs | Franklin Electronic Publishers | Rolodex Electronics Desktop Manager**.
5. Set the communication port.
6. From the Desktop Manager, click **Setup | Connection**. Select the port you want and click **OK**.
7. Use *Intellisync for Rolodex Electronics* to match your PC organizer programs with the organizer programs on your Rolodex® device.

## Synchronizing Data

You can synchronize personal information between a PC organizer program and an organizer program on your device.

**Note:** Make sure the cable is connected securely to both the PC and the device.

To transfer data from the Desktop Manager, follow these steps.

1. Click  or **File | Synchronize**.
2. On your device, press **SHFT** and then press **SPACE (SYSTEM)**.
3. Turn the dial down until you see **USE PC SYNC?**.
4. Press **Y**.

**Warning!** Once you transfer data between your Rolodex® device and your PC, they become a matched pair. Should you try to synchronize data between your device and a different PC, your data is likely to be corrupted. It is best to synchronize between a single matched pair.

**Note:** For proper synchronization, make sure that the organizer programs you want are selected in Intellisync.

For more information on the *Rolodex® Electronics Desktop Manager*, please refer to the README file on the CD and the online help in the program.

## Replacing the Battery

This device uses two CR-2032 lithium batteries. Replace the batteries as soon as the display begins to dim or the low battery warning appears. Please have a small Phillips screwdriver and the new batteries at hand before you follow the steps below.

**Warning!** When changing the batteries, make sure the device is not on a hard surface. If  is pressed accidentally, your data will be lost.

**Warning!** When no batteries are installed, this device will save your information for only about 30 seconds. So install the new batteries quickly when you remove the old ones.

1. Turn the device off and turn it over.
2. With the Phillips screwdriver, remove the screw to the battery cover and then remove the cover.  
Do not remove the screws at the sides of the device.
3. Remove the old batteries and quickly replace them with the new batteries with the positive (+) side facing up.
4. Replace the battery cover.

**Warning!** This device stores your information as long as the batteries supply power. If the batteries lose power or are removed, all your information will be lost. Always keep written copies of your important information in case it is corrupted or lost.

## **FCC NOTICE**

This device complies with Part 15 of the FCC Rules.  
Operation is subject to the following two conditions: (1)  
This device may not cause harmful interference, and (2)  
This device must accept any interference received, includ-  
ing interference that may cause undesired operation.

Warning: Changes or modifications to this unit not  
expressly approved by the party responsible for compli-  
ance could void the user's authority to operate the equip-  
ment.

NOTE: This equipment has been tested and found to  
comply with the limits for a Class B digital device, pur-  
suant to Part 15 of the FCC Rules. These limits are  
designed to provide reasonable protection against harmful  
interference in a residential installation. This equipment  
generates, uses and can radiate radio frequency energy  
and, if not installed and used in accordance with the  
instructions, may cause harmful interference to radio com-

munications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE: This unit was tested with shielded cables on the peripheral devices. Shielded cables must be used with the unit to insure compliance.

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

WE ARE ALSO NOT RESPONSIBLE FOR CLAIMS BY A THIRD PARTY. OUR MAXIMUM AGGREGATE LIABILITY TO YOU, AND THAT OF OUR DEALERS AND SUPPLIERS, SHALL NOT EXCEED THE AMOUNT PAID BY YOU FOR THE FRANKLIN PRODUCT AS EVIDENCED BY YOUR PURCHASE RECEIPT. YOU ACKNOWLEDGE THAT THIS IS A REASONABLE ALLOCATION OF RISK. SOME STATES/COUNTRIES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. IF THE LAWS OF THE RELEVANT JURISDICTION DO NOT PERMIT FULL WAIVER OF IMPLIED WARRANTIES, THEN THE DURATION OF IMPLIED WARRANTIES AND CONDITIONS ARE LIMITED TO THE DURATION OF THE EXPRESS WARRANTY GRANTED HEREIN.

(C) WARRANTY SERVICE: UPON DISCOVERING A DEFECT, YOU MUST CALL FRANKLIN'S CUSTOMER SERVICE DESK, 1-800-266-5626, TO REQUEST A RETURN MERCHANDISE AUTHORIZATION ("RMA") NUMBER, BEFORE RETURNING THE PRODUCT (TRANSPORTATION CHARGES PREPAID) TO:

FRANKLIN ELECTRONIC PUBLISHERS, INC.

ATTN: SERVICE DEPARTMENT

ONE FRANKLIN PLAZA

BURLINGTON, NJ 08016-4907

IF YOU RETURN A FRANKLIN PRODUCT, PLEASE INCLUDE A NOTE WITH THE RMA, YOUR NAME, ADDRESS, TELEPHONE NUMBER, A BRIEF DESCRIPTION OF THE DEFECT AND A COPY OF YOUR SALES RECEIPT AS PROOF OF YOUR ORIGINAL DATE OF PURCHASE. YOU MUST ALSO WRITE THE RMA PROMINENTLY ON THE PACKAGE IF YOU RETURN THE PRODUCT, OTHERWISE THERE MAY BE A LENGTHY DELAY IN THE PROCESSING OF YOUR RETURN. WE STRONGLY RECOMMEND USING A TRACKABLE FORM OF DELIVERY TO FRANKLIN FOR YOUR RETURN.

### **Limited Warranty (EU and Switzerland)**

This product, excluding batteries and liquid crystal display (LCD), is guaranteed by Franklin for a period of two years from the date of purchase. It will be repaired or replaced with an equivalent product (at Franklin's option) free of charge for any defect due to faulty workmanship or materials.

Products purchased outside the European Union and Switzerland that are returned under warranty should be returned to the original vendor with proof of purchase and description of fault. Charges will be made for all repairs unless valid proof of purchase is provided.

This warranty explicitly excludes defects due to misuse, accidental damage, or wear and tear. This guarantee does not affect the consumer's statutory rights.
